AMENDMENTS TO THE CLAIMS

1. (Currently Amended) A method for inhibiting angiogenesis, the method comprising administering ~~An inhibitor of angiogenesis containing~~ to a subject in need thereof, an effective amount of tetraacetylphytosphingosine.

2. (Currently Amended) A kit for treating cancer or inhibiting angiogenesis, comprising an inhibitor of angiogenesis containing tetraacetylphytosphingosine~~the~~ for treating cancer or inhibiting angiogenesis.

3. (Currently Amended) The kit for treating cancer or inhibiting angiogenesis according to claim 2, ~~wherein~~ further comprising an anti-cancer drug and an irradiator.

4. (Currently Amended) The kit for treating cancer or inhibiting angiogenesis according to claim 3, wherein the anti-cancer drug ~~is~~ comprises at least one spingolipid derivatives~~.~~

5. (Currently Amended) The kit for treating cancer or inhibiting angiogenesis according to claim 4, wherein the spingolipid derivatives comprise ~~are~~ one or more spingolipid derivatives selected from the group consisting of phytosphingosine, ~~enacethylphytosphingosine~~ N-acetylphytosphingosine, C6 phytoceramide, C8 phytosphingosine, dimethylsphingosine, dimethylphytosphingosine and sphingosine. ~~A composition for inhibiting the activity of tyrosinase which comprises N-acetylphytosphingosine as an active ingredient.~~

6. (New) A method for treating cancer, the method comprising administering to a subject in need thereof, an effective amount of tetraacetylphytosphingosine.
